

# Matched Funding opportunities under the GrowthAccelerator Scheme

Matched funding support may be available for our programmes under the government's GrowthAccelerator initiative, if your organisation is registered in England, employs fewer than 250 employees and has a turnover less than £40m.

Up to £2,000 of matched funding is available for each eligible individual and there is no limit on the number of people able to participate. Eligible individuals are decision makers and members of the senior management team with strategic responsibility for the direction of the business. To be accepted, the programme must link to a key leadership and management theme as shown below. And as our work falls into these categories there should be no real issue here.

- ➔ Developing an effective personal leadership and management style
- ➔ Creating a joint enterprise culture
- ➔ Planning and developing an effective organisation
- ➔ Leading and managing high performance
- ➔ Sustaining growth and continuous improvement
- ➔ Embedding a culture of Innovation
- ➔ New market entry
